FLOW

FIGURA

Introducing Faucet Strommen's newest Australian Made collection.

Figura is a work of art, inspired by the fluid lines of nature, art and architecture.

Figura captures a sense of natural harmony through its distinctive design—where rounded ends merge seamlessly into flat surfaces. This interplay of soft curves and sharp lines creates a sculptural silhouette, bringing timeless beauty and quiet strength to modern interiors.

See website for more information and availability date.

Winner of the internationally recognised Red Dot Design Award 2025.
