Release Date: 05.09.23

Installation Guide

Non Heated Towel Rails

Suits Models:

35240 35241 35242 35243 35244 35245 35246 35247

Cleaning

Clean only with a soft microfiber or similar cloth and warm clean water. Ensure that the cloth is clean and free of any grit or chemical. Dry tap off with a soft clean cloth. Ensure that your tap is not subject to any chemicals, building grit or any type of abrasive or polish. For care of special finishes please visit our website.

Installation:

Important! Please read through these instructions carefully before installation. If you need assistance please call Faucet Strommen service team on 03 5450 4236.

Fit Off

1. Measure and mark the positions of the centre of the brackets. (Note rails are normally supplied in 600 or 900mm centre to centre lengths, however custom lengths are available on request. Check the model and size of the rail you have.)
2. Drill and fasten the mount lugs to the wall.
3. Remove the rail from the package, place the dress rings/flanges onto the fitted bracket.
4. Locate the brackets and press over mount lugs.
5. Fasten in place with the grub screws. Ensure the rail firmly fastened and secure.
